PRESIDENT MAKES DENIAL

Says Work on League of Nations is Not Delaying Peace

REVISED COVENANT

Instrument Now in Hands of Committee for Final Process of Drafting Same.

Paris, March 28.—President Wilson in a formal statement yesterday denied categorically the charges that the work on the league of nations project has been, and is, delaying peace.

The President said all sessions dealing with the league have been held at a time when they could in no way interfere with other peace problems and that "no part of the league conferences has ever interposed any form of delay."

Simultaneously, Mr. Wilson announced that the revised covenant "now is practically finished," and will "almost immediately be presented a second time to the public."

Of the criticisms to the original covenant the President said they had been "fortunately drawn out," and taken advantage by the commission of which he is the chairman. His statement follows:

"In view of the very surprising impression which seems to exist in some quarters that it is the discussion of the commission on the league of nations that are delaying the final formation of peace, I am very glad to take the opportunity of reporting that the conclusions of reporting sion were the first to be laid before the plenary conference.

"They were reported on February 14, and the world has had a full month in which to discuss every feature of the draft covenant then submitted.

"During the last few days the commission has been engaged in an effort to take advantage of the criticisms which the publicatin of the covenant has fortunately drawn out.

"A committee of the commission has also had the advantage of a conference with representatives of the neutral nations, who are evidencing a very deep interest and a practically unanimous desire to align themselves with the league.

"The revised covenant is now practically finished. It is in the hands of a committee for the final process of drafting and will almost immediately be presented a second time to the public.

"Conferences of the commission have invariably been held at times when they could not interfere with the consultation of those who have undertaken to formulate the general conclusions of the conference with regard to the many other emplicated problems of peace, so that the members of the commission congratulate themselves on the fact that no part of their conference has ever interposed any form of delay."

Japan has, in the eleventh hour withdrawn her demand for an "equality amendment" to the league of nations covenant, and her backdown brought about complete agreement in the league of nations commission on the amended draft.

London, March 28.—The Paris correspondent of the London Times said today he understands "the Big Four" has decided that Marshal Foch shall demand that the Germans facilitate the landing of Polish troops at Danzig.

Reports have been received that the Germans have refused to allow Polish divisions which fought in France to disembark at Danzig.

THREW BABY FROM AUTO

Crash Certain, Mother Took Chance; Child Unhurt; Others May Live

Clarksburg, W. Va., March 28.—Physicians at St. Mary's Hospital, stated yesterday that Mrs. V. H. Doyle, of Hartland, and L. R. Snider, a barber, would likely recover from injuries received Tuesday night when a Baltimore and Ohio train struck the automobile in which they were riding. Miss Inez Stuart, aged 21, daughter of Floyd A. Stuart, of Hartland, was killed at the time. Mrs. Doyle hurled her young baby from the car and, despite its fall, it was not injured.

TAFT AND WILSON

Former President Working in Effort to Amend League of Nations

Former President Taft is working by cable with President Wilson in an effort to so amend the league of nations covenant as to make it acceptable to opposition Republicans.

This was disclosed officially yesterday when the White House left it be known that the Peace Conference in Paris is working on four amendments, written by Taft at President Wilson's request.

The amendments have to do largely, it s said, with safeguarding the Monroe Doctrine, one of the foremost points of contention between the President and Republican Senators.

Taft drafted his proposed amendments shortly after President Wilson returned to France. Before dispatching them he asked Secretary Tumulty to inquire of the President whether suggestions were in order. The President responded that he would be very glad to hear Taft's proposal.

The amendments were then cabled the President through official channels and the President personally acknowledged receipt of them in a later message for Taft.

In administration quarters the view was expressed that the high tide of opposition to the league has been passed and that both in Congress and throughout the country there is a marked upturn in favor of a league. Complete confidence is voiced tha the league covenant as redrafted will meet the demands of opponents of the original draft.

Already some oppositon Senators have shown a tendency to be far more receptive toward the plan than at first. This change in sentiment is noted both in Republican and Democratic opposition ranks. However, there are a few, among them Senators Reed and Poindexter, and possibly also Borah, who will fight any league proposition to the last.

OEHLERT TRIAL MONDAY

Venire of Fifty-Six Summoned—Judge R. H. L. Chichester Will Preside.

The trial of William H. Oehlert, charged with shooting and killing Linwood Kidwell, will begin at 10 o'clock Monday morning in the corporation court for this city. Judge R. H. L. Chichester, Fredericksburg, Va., presiding.

A venire of fifty-six talesman has been summoned from which to select a jury of twelve to sit in the case.

It is expected that most of the morning session on the day of the opening of the trial will be occupied in selecting a jury.

The shooting took place the night of November 12, 1918, at the office of the yardmaster of the Southern Railway Company. The accused will be represented by Attorney Edmund Burke and the state by Commonwealth's Attorney Howard W. Smith.

REJECTS AMENDMENTS

Military Service Bill Advanced; Churchill Says Polish Is League Question

London, March 27.—The military service bill passed through the report stage without amendment in the house of commons today. The proposal to limit the operation of the bill to December 31, 1919, instead of April 30, 1920, was rejected by a vote of 282 to 76, and another amendment excluding liability to service in Russia from the scope of the bill was voted down, 281 to 48.

In declining to accept this amendment Winston Spencer Churchill secretary of war said the government had no intention of raising a large conscript army to be sent to Russia.

"The general question of the Russian Pole," he said, "s not a juestion for the British government. It is a matter to which a league of nations, or a leagu of victorious nations must address itself."

TRAIN HELD UP

Two Said to Have Made Clean Get-Away With 6,000 in Cash

Marian Ark., March 28.—Frico train No. 801, en route from St. Louis to Memphis, was held up between this city and Bridge Junction last night by three masked men, who escaped with about $6,000 in cash, it is reported here. A fourth member of the gang is said to have proceeded to Bridge Junction to flag another train to prevent a collision.

BOLSHEVISTS IN GALICIA

Penetrate Eastern Section, Threatening German Austria

OCCUPY OIL REGION

Heavy Fighting Reported—Czecho-Slovak Forces Cut Railway—Soviet in Bessarabia

London, March 28.—Bolshevik troops are reported to have penetrated eastern Galicia and to be progressing rapidly, threatening German Austria, according to a Basle dispatch. They are reported already to have occupied the Galicia oil region.

Anti-Bolshevik forces have begun a strong offensive in the Dvinsk region, according to a wireless dispatch received from Moscow. The communique said the Bolsheviki are defending their positions near the Miaosa River.

Heavy fighting was reported in progress in Livonia and along the Tukkut-Mitau railway.

Czecho-Slovak forces have crossed the Danube cutting the Budapest-Vienna Railway, a news agency dispatch from Basle reported today.

Warsaw March 28.—Bessarabia has proclaimed its independence, established a Soviet republic and begun an offensive against the Roumanian army of occupation.

London, March 28.—Cecil Harmsworth, under secretary for foreign affairs announced in the house of Commons yesterday afternoon, that a Roumanian army had crossed the Maros River northward.

Berne, March 28.—Bolshevist uprisings in Austria and Czecho-Slovakia are imminent, according to advices received. Any move in those two countries against the Hungarian Soviet government is expected to precipitate the trouble.

The Austrian population is greatly excited over events in Hungary, especially in view of their own economic situation. All restaurants in Vienna are closed, there is no gas or coal and the meat ration has been reduced to an infinitesimal quantity. Bolshevism apparently is proving an increasing attraction to substantial portions of the population. Fritz Adler, according to reliable information, is preparing to lead a Bolshevist uprising against the present Austrian government.

Latest advices indicate Hungarian communism is making the Russian Soviet republic appear almost conservative. Everything is being nationalized and the most severe penalties are provided for any form of resistance.

WILL BE DELAYED

No New Fords to be Designed For Two or Three Years

Detroit, Mich., March 28—Edsel Ford, president of the Ford Motor Company, has found it necessary to send the following announcement to all dealers.

"On account of the recent newspaper articles and the many rumors circulating over the country concerning a new car to be manufactured by Henry Ford, we believe it advisable to inform our dalers generally, in order that you may intelligently and uniformly answer all questions. In the first place, a large majority of the reports afloat are distorted. A new ca rmay be manufactured, but as to when it will be manufactured we are not in a position to say, except that we do know that a new car could not possibly be designed, tested out manufactured, and marketed in quantities under two or three years."

IMPORTANT DECISION

Jury Awards for Damages Must Not be Arbitrarily Reduced, Says Supreme Tribunal.

Jury verdicts and not the subsequent judgment of the court will stand hereafter in damage suits, unless the award be so obviously excessive as to evince beyond a doubt passion or prejudice on the jury's part, according to an opinion of the Supreme Court of Appeals, voiced yesterday by Judge Martin P. Burks.

The case under discussion was that of A. B. Taylor, who was awarded in the Circuit Court of Prince George County the sum of $8,000 for injuries sustained while in the employ of E. I. du Pont de Nemours and Co., Taylor was allowed $10,000 by the jury. The sum was cut down $2,000 by the trial judge. The Supreme Court affirmed the lower tribunal's judgment, but ordered that the original sum allowed by the jury be paid.

In writing the opinion, Judge Burks said:

"It is the peculiar province of the jury to decide such cases under proper instructions from the court, and the court cannot substitute its judgment for the verdict of the jury.

Taylor held the position of labor foreman, and was injured by coming in contact with an overhead pipe as he was riding on an electric tram from one part of the plant to the other. He charged the company with negligence. Evidence tended to show that he had never before been in this section of the plant and that he had not been told of the pipe.

ARBOR DAY

A Proclamation by the Governor of Virginia.

Whereas, The Governor shall annually, in the Spring, as required by law, designate by official proclamation a day to be known as Arbor Day, to be observed throughout Virginia as a day of planting of trees, shrubs and vines about the homes and along the highways, and about public grounds thus contributing to the wealth, comfort and attractions of the Commomnwealth; now

Therefore, I Westmoreland Davis, Governor of Virginia, on this day to plant trees, shrubs, vines and flowers about their homes, around all school buildings, along the public highways, in the public parks and cemeteries, and wherever the beauty of flowers and the cultivation of growing things will contribute to the happiness and to the economic and social well being of our people.

I ask that this public service be accepted and carried out in a spirit of thanksgiving to Almighty God for the victory of the allied nations that has saved the world from the oppression and the horrors of German autocracy and militarism. No more fitting tribute can be paid by a grateful people to the memory of their fallen heroes who gave up their lives in defense of humanity, of liberty and of right, than by planting and cultivating memorial trees and shrubbery.

Given under my hand and under the Lesser Seal of the Commonwealth this twenty-fifth day of March, in the year of our Lord one thousand nine hundred and nineteen, and in the one hundred and forty-third year of the Commonwealth.

WESTMORELAND DAVIS,
Governor.

EXCITEMENT IN WINCHESTER

Bitter Feeling Against Members of Anti-Saloon League

PETERS IS MENACED

Two Hundred Persons Storm Undertaker's Parlors to See Body of Raymond Schackelford.

Winchester, Va., March 28.—L. D. Hudson, an eighteen year old boy, died this morning at the Winchester Memorial Hospital, of bullet wounds suffered when he was fired on early Wednesday, by W. C. Hall, prohibition agent and six deputies.

Winchester, Va., March 28.—Bitter feeling against Prohibition Commissioner J. Sidney Peters and Edward B. Mulford, attorney for the Virginia Antisaloon League, continued yesterday but the hostile demonstration against them here Wednesday night as a result of the shooting of two alleged liquor carriers by their assistants, was not renewed.

The Law Enforcement League, with a membership of nearly 300 leading citizens, issued a statement yesterday afternoon saying the mob which menaced Commissioner Peters and his officers Wednesday night do not voice either the representative or majority sentiment of this law-abiding community. If the detectives who shot the two men are guilty, they will be punished by due process of law, the statement said. It is unthinkable that any substantial portion of Winchester citizens would deliberately consider any other course.

Fully 200 people stormed Funk and Sons' funeral parlors during the night clamoring to see the body of Raymond C. Shackelford, the first alleged liquor carrier to be killed since the Virginia prohibition law went into effect. Everyone was denied the privilege on orders from Prosecuting Attorney Williams, of Shenandoah county. Shackelford's wife telegraphed from Petersburg to have the body sent to Raleigh, N. C.

L. W. Hudson, who had a pistol wound in the breast and one in the abdomen, still has a fighting chance to recover. In a deposition, Hudson said neither he nor Shackelford fired on the officers. Shackleford's pistol is said to have been found with three of its chambers empty.

An inquest begun at Woodstock yesterday afternoon, was continued here and then postponed, as was also a preliminary hearing. The authorities decided, it was said, to wait until the excitement and feeling against the detectives subsides in Frederick and Shenandoah counties.

Inspector Hall and his assistants including H. F. Sweet, sr., and W. B. Dunleavy, of Richmond; J. A. Sullivan, and John W. Williams, of Petersburg, and Chauffeur H. F. Sweet, jr., of Richmond, were released on $10,000 bail arranged for by Judge E. D. Newman, of Woodstock, at the request of Commissioner Peters. The commissioner, Attorney Munford and the detectives left here this afternoon.

Commissioner Peters and associates conferred today with leaders of the law enforcement league, but declined to make any statement concerning the killing of Shackleford or the demonstration before his hotel.

Fully 1,000 men in Wednesday night's demonstration formed at Main and Piccadilly streets, and hooted and jeered and dared the State officials to come out. Pistols were flourished, and shots were fired. The fire bells were rung, bringing out all the apparatus, and the clanging gongs and sirens added to the confusion and exand had to get a supply at Stephens thrown at the police who guarded the doors of the Hotel Evans.

During the excitement Capt. Logan R. Fay called out the Winchester State guards to quell the disturbance but before the company could be mustered the demonstration had subsided. Groups of men stood around all night making threats.

The commissioner was unable to purchase gasoline here for his car and had to get a supply at Stephens City. He also found it necessary to hide his auto in a private garage.

SCENES IN FRENCH CHAMBER

Socialists Bitterly Criticise The Address of Foreign Minister Pichon

Paris, March, 28.—Stephen Pichon, Foreign Minister, said yesterday afternoon in the Chamber of Deputies that the struggle against the Bolsheviki was not a declaration of war against Russia.

His address, which was made in reply to interpellations made on Tuesday by Marcel Cachin and Ernest cialist Deputies and for a time the greatest disorder prevailed in the Chamber

After pointing out that the Allied policy in Russia was not a "war" but a "pacifying" policy. M. Pichon said:

"The Russian question is vital, as it is necessary in the interest of peace to bar the westward route of Bolshevism. If we do not act the day Russia reawakens she will find herself the ally of Germany."

The session was suspended from 5.45 to 6 o'clock, when the Socialists renewed their attacks on the speaker. During M. Pichon's address Premier Clemenceau entered the Chamber it being his first visit since he was wounded by Emile Cotton on February 19.

M. Moutet, a Socialist, who is one of the attorneys for Joseph Caillaux who is under charges of treason, suggested during the Socialist attack on M. Pichon, that "it was necessary to oppose one ideal or another and not to dodge that of President Wilson."

He was charged by Georges Bonnefous of lacking respect for Mr. Wilson.

DEBS' PREDICTION

Convicted Anti-Draft Agitator Declares Bolshevism Has Been Misrepresented.

Youngstown, O., March 28.—Eugene W. Debs, sentenced to serve ten years in prison for his speech in opposition to the draft at Canton last year, gave a farewell address here today.

"I may not see you again," he told the audience, "but do your part and I'll do mine."

"I envy the comrades in Hungary," he said, discussing the Bolshevik movement. "They have the full measure of the revolution, while I can only go to jail for it."

Dbs asserted that Bolshevism now in Hungary will spread to Austria and "will get Germany despite Scheidemann and others," and that it will reach this country.

"Learn to pronounce the word 'Soviet,'" he advised, "because it is coming here."

"I would not be for Bolshevism if it were what they say it is," the speaker asserted.

He accused capitalism of misrepresenting the movement and its leaders.

Pogroms, in Ukrainia, Kill Hundreds —Notables Are Drowned or Shot

London, March 28.—The Zionist organization reports having received from an eyewitness news of a series of pogroms in the Ukraine, organized by Haidamaks with a "death regiment" at their head. The pogroms are reported to have taken place at Berdicheff, Belajazerkoff, Leticheff, Elisabetgrad, Vasilkov and other places.

Hundreds of Jews and Jewesses were killed or wounded, according to the report. Jewish notabilities were drowned or shot and Jewish women were subjected to shameful treatment. The death regiment is declared not to have spared a single Jewish township between Kief and Bachmatsch.

THE STORM IN THE VALLEY

To protect J. Sidney Peters and Attorney Edward B. Dunford from injury at the hands of a jeering mob that flourished pistols and dared the prohibiton officials to come out of the hotel, the fire department of Winchester, found it necessary on Wednesday night to turn out in full force.

Several shots were fired into the air. One thousand men surged angrily around the building, Stones and bricks were hurled at the police who guarded the hotel doors. Clanging gongs and the weird noise of sirene whistles on fire trucks added to the general confusion and excitement. State guardsmen were ordered by Captain Logan R. Fay to assemble for eventualities, but the situation cleared before this could be done.

Such is the story of the storm precipitated in the Valley of Virginia by the killng of Raymond C. Shackelford, alleged bootlegger, and his companions, L. D. Hudsorn, by agents of the State Prohibition Department.

The prohibition commissioner is said to have been unable to purchase gasoline in Winchester for his automobile, and found it necessary to hide the machine in a private garage. Nearly 300 leading citizens who constitute the Law Enforcement League of Winchester met and issued a statement to the effect that the mob which menaced the life of the prohibition officials did not voice the sentiment of the community.

The above is another of fatal incidents in the enforcement of the prohibition law in Virginia. In less than a year two prohibition inspectors have been killed while in the discharge of their duty in Alexandria city and county.

BETTER HEED WIVES

The most notable priscner ever arraigned before a human tribunal was He who stood before Pontius Pilate nearly nineteen hundred years ago. The wife of the Roman governor had implored him to have nothing to do with the case against Jesus of Nazareth in the following words: "Have thou nothing to do with that just man: For I have suffered many things this day in a dream because of him." The haughty ruler, however, had but little regard for the wife of his bosom, and we read on until we find the following: "Then Pilate took Jesus and scourged him" after he had, at the instigation of a mob, turned loose a robber and murderer, one Barabbas.

According to the imagination of a man who, years ago, wrote a book bearing the title "Letters from Tartarus," Pilate is roaming through pandemonium endeavoring to wash the blood from his hands which he sillily imagined he could do when he used water before incensed rabble in Jerusalem.

We have quoted the above as an historical account of a man who went contrary to the advice of his wife, and it is one of many which could be cited.

Raymond Charles Shackelford, a young man, residing in Petersburg, would have been in the land of living today had he heeded the anxious pleadings of his wife who begged him not to make a trip to Baltimore for the purpose of procuring liquor to bring into Virginia. He was shot and killed by prohibition officers near Winchester Wednesday night, an event which has caused great excitement in the conservative Virginia town and vicinity, so much so that mob violence seemed imminent after the news of the tragedy had been noised about.

A dispatch from Petersburg says Shackelford had been living in that city for the past two years and had been operating a jitney between Petersburg, Camp Lee and Hopewell. He left his home early Monday morning, against the protests of his wife, saying he was going to Baltimore to bring a carload of whisky back to Petersburg for a friend.

The first news of the whereabouts of the man was received by his wife yesterday morning when a detective went to her home and informed her of his death.

The distressed wife is now sobbing over the dead body of her former husband, which is now at the home of her parents in Raleigh, N. C. Her principal plaint is, 'Oh had he but heeded my warning!"

AN OPPORTUNE WARNING

It is suggested that the organization of workless discharged soldiers lately started in Chicago holds such disturbing possibilities as to have brought forth a request from Major General Leonard Wood that it disband. If any voice can pervail to make the discharged men refrain from joining such an association, his should be the one. The men know him and respect him, quite apart from his office. Many will readily adopt his view that the proposed association would ill accord with the public interest. Thus, even if the organizers continue, they will have relatively few followers to fill their ranks.

The Baltimore News in commenting upon the above says "the historic record of the unreabsorbed soldier fully confirms the logical analysis of the public risk he may cause at the present time. The Soldiers Councils in Russia began as welfare organizations of the fighting men in service or discharged. They became the tools of a cruel lower-class oppression directed against the property owning population. The same course of terror and injustice has been followed by a portion of the undisbanded soldiers released from the fighting front in Germany. The present problem extends beyond the city of Chicago; it concerns the whole country. The men have a grievance in the failure of the government to find them work, the failure of the President to call Congress for this among other needs. But in the main our men will see the mistake of Soviet ideas. They will hunt work instead of taking service under dangerous leaders to the harm of the very country they have lately defended."

THE TAIL END OF WINTER

Rain, Snow, Thunder, Lightning and High Winds Prevail Yesterday And Last Night.

The delightful springlike weather of the past few days caused many to suppose spring was at our doors. The trees were budding, the grass had taken on new life, and shad and herring were penetrating the fresh water. But the Frost King let it be known late yesterday that he was not done with us. The cold rain which had prevailed most of the day accompanied at times by thunder and lightning, was followed before sundown by a sudden change of the wind from the south to the northwest, and the mercury fell rapidly, reaching the freezing point during the night. While Old Boreas was roaring after dark there were spits of snow.

The high wind continued throughout the night, but no serious damage followed. Spouts were blown from some houses and shingles wafted from roofs in many places, while small branches were wrenched from trees.

As a Washington paper puts it, "March purred into the city like a house kitten, but she's leaving like a wildcat."

The weather today has been clear and much colder than that of the preceding week or two.

But winter is virtually over, although we may expect sudden drops in the temperature and nigh winds at times during April, which makes it advent next Tuesday.

Following a sudden drop in temperature, a heavy snowstorm prevailed in Hagerstown, Md., last night. Fruit buds are almost ready to blossom, and western Maryland fruit growers fear the buds may be frozen.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Announcement!

Our Weekly Profit Sharing Sale

ON SATURDAY, which we have been conducting so successfully for many years for the benefit of our patrons and for various reasons we were unable to run for quite a while, we are pleased to announce will start again THIS WEEK, SATURDAY, and will be run regularly every Saturday hereafter.

This sale will be advertised every Friday in the Alexandria Gazette, in place of the old style hand bill, so it will pay you to become a subscriber to the Gazette to watch the many bargains in our Profit Sharing Sale.

To the newcomers we wish to explain what this Profit Sharing Sale means. For the liberal patronage this house has always enjoyed from the good people of Alexandria, years ago we decided that, to show our appreciation to them, to divide our profits one day each week, and set SATURDAY for the day. That policy now is extended to all newcomers in our midst, and THIS SATURDAY will be the first big Profit Sharing Sale.

List of Bargains will be found in a separate advertisement on Page Five of this paper.

A Suit Season Was Predicted and it is Certainly Here

The vogue for suits grows, and causes but small wonder when one notes the fetching boyishness of some of the new box-coat styles, the youthfulness of the straight vestees, and girlishness of the new blouse jackets.

Of course most of these new suits show the narrow skirt.

Braid trimming is quite a feature, and it is applied in straight or criss cross effect.

Gabardines, Poiret Twills and Oxford mixtures, also serges, which are perhaps the most popular of all. For one reason serge is very serviceable.

These new suits are shown in tan, gray, rookey, navy and black. All sizes.

At $25.00, $29.75, $39.75

VIRGINIA NEWS

After hearing argument of counsel over the election held in Bristol March 18, Judge Floyd R. Roberts, of the corporation court yesterday handed down his decision, declaring that the election resulted in the success of the change of charter plan from a city council to the city manager plan. The election resulted in 278 votes being cast in favor of the change and 107 against. The question involved in the contest was whether the law required that a majority of the qualified voters should be in favor of the change or whether it required only the vote cast in the election.

J. G. Hiden, of Culpeper, has announced his candidacy for the Democratic nomination to succeed C. C. Carlin as representative in Congress from the Eighth Virginia district. Mr. Hiden was formerly secretary to John F. Rixey. He is a lawyer, and is engaged in farming and cattle raising.

ACCEPT BRITAIN'S OFFER

Railwaymen Decide Not to Strike—67,000 Miners Stop Work

London, March 28.—The delegates to the conference of the National Union of Railwaymen decided yesterday to accept the offer of the government for the settlement of their demands.

J. E. Thomas, general secretary of the union, said that the settlement was made subject to satisfaction being obtained in some points yet outstanding. The strike resolution was rescinded by the conference.

An increasing number of miners are stopping work in support of the full terms claimed by the miners' federation in spite of the decision of the delegates of the miners' conference to refer the question of a strike to a vote of the members and urging the men to continue work until the ballot is taken.

More than 60,000 men are on strike in South Wales, and 7,000 in other Welsh districts. A large number of men also are out in the Nottingham and Derbyshire coal fields.

WOMAN'S LEAGUE ORGANIZED

Object is to Push Right of Suffrage—Movement Non-Partisan

St. Louis, March 27.—Following the organization of a non-partisan, non-militant and non-sectarian woman voters' league the afternoon session of the National American Woman Suffrage Association adjourned late yesterday without deciding on a name for the league.

The object of the new organization which is in the form of two houses, one composed of delegates from voting states and the other from non-voting states, is to secure protection in their right to vote to the woman citizens of the United States by appropriate national and state legislation and to increase the effectiveness of women's votes in effecting better government.

WE CORDIALLY SOLICIT YOUR PATRONAGE

THE DEALERS

What a Woman Told Us Yesterday

She was telling us why she went out of her way to buy her groceries from us.

'One reason,' she said, "is because I'm always so sure of getting things that are good. Besides you people seem to do everything you can to make my shopping easy."

Not all our customers tell us that, but we feel certain that these are the big reasons we have so many patrons and why we've had them so long.

We do try to make buying groceries easy and pleasant and we do try to have the best of everything in the grocery line.

One of the best things we have and recommend is RYZON Baking Powder.

We recommend it because we know it will give our customers perfect results. It's pure and clean, it's always uniform in quality, it's efficient and it's economical. Priced fairly at 40 cents a pound.

GRAND THEATRE TOMORROW

Alan MacDonald calmly worked his homestad claim while the cattle barons pressed him hard on all sides. First they tried persuasion, then force, but when a Scotchman decides that he "will na" there seems to be nothing under the light of heaven that will move him. And so Alan MacDonald continued to work his claim with the greatest deliberation while the money and crafty cunning of his rich neighbors was employed against him.

Then came desperation when they hired a professional "killer" to make way with him.

How he escapes death and how he wins the love of a girl who at first doubted him is a remarkable story based on frontier history.

Also Tom Mix in a western drama.

Ingomar—Dorothy Dalton.

Dorothy Dalton comes to the Ingomar tonight in her latest Paramount picture, "Extravagance," one of the most realistic dramas Miss Dalton has appeared in for some time.

Milady isnt satisfied with one car; her pearl necklace isn't as costly as Mrs. Smith's. So Friend Husband, who thinks he has provided her with comforts, must put his nose to the grindstone again to satisfy her latest whim. But in the end she proves herself a worthy wife and real woman.

You'll like "Extravagance," it isn't the least bit preachy; you know a hundred people like the chief characters; the moral isn't drawn for you; you will have to do that yourself.

Richmond—Dustin Farnum

The color of the Southwest, the intoxicating wine of wide open spaces, dangers of border life, and the lure of woman's beauty. Such is the setting of "The Light of Western Stars," and in it are Zane Grey's greatest characters—virile, fearless and forceful men, courageous and lovable women. Zane Grey's people are out of door people. They thrive in the wide spaces, along the western trails. Sunlight and starlight, the mountain winds and stinging storms, the far horizons, the tremendous scale of things, all these have left their mark on Zane Grey's people, and of his breathing characters none is more virile than his Gene Stewart which Dustin Farnum vitalizes in "The Light of Western Stars," which comes to the Richmond Theatre under the direction of United Picture Theatres of America.

It Wards Off Croup

Never put a croupy child to bed without giving a dose of

FOLEY'S HONEY AND TAR

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases difficult breathing, gives quiet sleep.

Mrs. T. Neurcuer, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a severe attack of croup."

Mrs. Chas. Reitz, Allen's Mills, Pa., writes: "I have used Foley's Honey and Tar for the past eleven years, and would not be without it. It has saved me many a doctor's bill for colds and croup."

You Profit By Our Bigness

Our size enables us to:—

Furnish cash markets for all live-stock offered;

Operate at minimum costs;

Stay in business on a profit of only 2 cents on the dollar of sales;

Eliminate waste;

Get the surplus live-stock products from the West to the millions of consumers in the East.

There is No Menace in Size:—

As long as we are in keen competition with the other packers;

As long as there are hundreds of firms in the business;

As long as we handle only about 12 per cent of the meat supply of the country and only about 22 per cent of the meat that is inspected by the United States Government;

As long as our bigness is used to your advantage—as it is now—and as it must be in the future if we are to do a profitable business. The permanence of a business depends on the goodwill of those it serves. No large business can prosper that is not recognized as giving in exchange for its earnings an equivalent measure of helpful service.

NEWS OF THE DAY.

Gen. Maleterre, writing in the Paris Matin, and presumably reflecting the opinion of officialdom, yesterday urged the allies to penetrate Germany, passing through Kiel, Berlin, Dresden and Vienna, and making a liaison at Belgrade with the Rumanian army. This, he pointed out, would cut off Germany and Hungary from Russia, insuring the collapse of the Bolshevik front. Premier Clemenceau has called Gen. Mangin from Mayence to Paris, presumably to appoint him to head a mission to Hungary.

Women will be entitled to hold any office in the league of nations, even the chairmanship of the executive council. A decision to this effect was reached at Wednesday's meeting of the league commission, it became known. France's proposal of an international military staff still is hanging fire. The commission has completed arrangements to proceed immediately with the formation of league bureaus pending ratification of the amended covenant by the various parliaments.

Reorganization of the American Federation of Labor along lines of industrial unionism to prevent absorption of the labor organization by the I. W. W. was recommended by the Tacoma Central Labor Council yesterday. Reports from Seattle, Wash., labor circles that union men are joining the ranks of the I. W. W. on an average of between twenty five and 100 a day caused the matter to be made a special order of business at the next meeting of the council. C. R. Barrett, secretary of the Metal Trades Union, in a telegram sent to metal workers' representatives at Washington Wednesday warned that the I. W. W. would soon have control of the labor situation at Tacoma "unless something in the shape of satisfactory conditions is forthcoming."

Aided by a stiff breeze, a blaze that originated in the office of the Harris Shop, 1212 F street northwest, Washington, last night spread through the building damaging a stock of cloaks, hats, ladies suits and other garments to the extent of $20,000. Only part of the damage was covered by insurance. The origin of the fire is unknown.

By a vote of 384 to 66, the national convention of the Modern Woodmen of America at Chicago yesterday adopted rate schedules three and four, calling for an increase of 62 1-2 per cent on premiums. The recommendation of the head campmen calling for a flat increase of 50 per cent was amended to include a rate of 30 per cent for new members above 38 years old. It was said the increase will add $1,165,000 a month to the order's insurance fund. Enormous losses due to the influenza epidemic were given as the reason for the 50 per cent increase in rates of insurance voted Wednesday for the more than 1,000,000 members of the Woodmen.

The airship section of the British royal air force announced yesterday that the two airships recently launched, R-33 and R-34, will not participate in any trans-Atlantic competiton, but will demonstrate that they can cross the ocean. The airships, it was said, probably will not start before May. One of them will cross Scotland to Newfoundland, where it will drop a passenger in a parachute, if the weather is good, returning to Scotland without stopping. If the weather is unfavorable, the craft will continue to the United States. The other ships will fly by the southern route, touching Africa and landing in Florida.

A startling confession that the workers of the world will be ruined by Bolshevism if they follow it, has been made by Premier Lenine of the Russian Bolshevik government, according to an interview printed in the Westminster Gazette of London. Lenine declared that he cares nothing for Russia as Russia, but that his sole consideration is internationalism. The present generations cannot benefit by the destruction and ruin wrought by Bolshevism, the principal exponent of that creed admitted, but the people "some generations ahead" will reap the reward.

Korea is reported in a cablegram to Dr. Syngman Rhee, Korean National Association delegate to the peace conference, now in Philadelphia, to be under martial law. Complete independence is demanded from Japan. Eleven thousand are reported to be under arrest and others are said to have been tortured and massacred. Japanese soldiers are firing on the Koreans.

TO BREW REAL BEER

Louisville, Ky., March 28.—With the qualifying statement that "we are only waiting until our New York colleagues fully test the matter," Louisville brewers, through their spokesmen, yesterday announced preparations to resume the brewing of beer with a maximum alcoholic content of 2 3-4 per cent, instead of the one half of 1 per cent war time product. The statement said the new brew might be expected shortly.
